DEAR MADAM:—The reputation of the Medical Discovery, in curing all kinds of humors, is so well established by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the most skillful physicians and the most careful Druggists in the country are unanimous in its praise.

In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative power, in relieving all, and curing most of those diseases to which you are unfortunately so liable. That most excruciating disease to an affectionate mother, NURSING SORE MOUTH.

Is cured as if by a miracle; your own temper is restored to its matural sweetness, and your babe from short and fretful naps to calim and sweet slumbers; and the Medical Discovery becomes a fountain of blessing to your husband Discovery becomes a foundament and household.

Your stomach is

RAW AND INFLAMED. your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains, as the acrimonous fluid of the canker cats it up: then your complexion loses its bloom and becomes sallow and greenish, and your best day is gone. For want of nourishment your system becomes loose and flashy, and the fitres of your bedy be come relaxed. Then follow a train of diseases which the Medical Discovery is peculiarly adapted to CURE:

Palpitation of the heart, pain in the side, weakness o the spine and small of the back, pain of the hip joint when you retire, irregularity of the bowels, and also, that most excruciating of diseases, the PILES.

How many thousand of poor women are suffering from this disease and pining away a miserable life, and their next door neighbor does not know the cause. I wish to impress on your mind that good old proverb, "An ounce of prevention is better than a pound of cure," In the MEEDICAL DISCOVERY you have both the preventative and the cure, with this great and good quality, that it will never, under any circumstances, do you any injury.

MISCELLANEOUS.

The Analogue of Larguages.—There is a growing tendency in this age to appropriate the most expressive words of other languages, and after a while to incorporate them into our own; thus the word Cephalic, which is from the Greek, signifying "for the head," is now becoming popularized in connection with Mr. Spaiding's great headashe remedy, but it will soon be used in a more general way, and the word Cephalic will become as common as Electrotype and many others whose distinction as foreign words has been worn away by common usage, until they seem "native and to the manor born."

'ardly Realized.

Hi 'ad 'n orrible 'endache this hafternoon, hand I stepped into the hapothecary's, hand says hi to the man, "Can you heave me of an 'endache?" "Does it hache 'ard?" says 'e. "Hexceedingly," rays hi, hand upon that 'e gave me a Cephalie Fill, hand 'pon me 'onor it cured me so quick that I 'ardly realized I 'ad 'ad an 'cadache.

quently attended with headaches; anaemia and plethors are also affections which frequently occasion headache. Idiopathic headache is also very common, being usually distinguished by the name of nervous headache sometimes coming on suddenly in a state of apparently sound health, and prostrating at once the mental and physical energies, and in other instances it comes on slowly, heralded by depression of spirits or accriting of temper. In most instances the pain is in the front of the head, over one or both eyes, and sometimes provoking womiting; under this class may also be named Newraldia.

For the treatment of either class of headache the Cephalle Pills have been found a sure and safe remedy, relieving the most acute pains in a few minutes, and, by its subtle power, cradicating the diseases of which headache is the unerring index.

Bridget.—Missus wants you to tend her a box of Cephalic Glue; no, a bottle of Prepared Pilis—but I'm thinking that's not just it maither; but perhaps ye'll be afther knowing what it is. Ye see she's nigh dead and gone with the Bick Headache, and wants some more of that same as relaived her before.

Druggist —You must mean Spalding's Cephalic Pills.
Bridget.—Och I sure now and you've sed it. Here's the quarther, and give the Pills, and den't be all day about it, aither.

Constipation or Costiveness.

No one of the "many ills that fiesh is hair to" is a revalent, so little understood, and so much neglected a No one of the "many ills that fiesh is hair to" is so prevalent, so little understood, and so much neglected as Costiveness, often originating in carelessness, or sedentry habits. It is regarded as a slight disorder, of to little consequence to excite anxiety, while in reality it is the precursor and companion of many of the most fatal and dangerous diseases, and unless early cradicated, it will bring the sufferer to an untimely grave. Among the lighter evils of which Costiveness is the usual attendant are Headache, Colic, Rheumatism, Foul Breath, Piles, and others of like nature, while a long train of frightful diseases, such as Malignant Fevers, Abcesses, Dysentery, Diarrheau, Dyspeysia, Apopiexy, Epileppy, Paralysis, Hysteris, Hypochandriasis, Melancholy, and Insanity, first indicate their presence in the system by this alarming symptom. Not unfrequently the diseases named originate in Constipation, but taxe on an independent existence unless the cause is eradicated in an early stage. From all these considerations, it follows that the disorder should receive immediate attention whenever it occurs, and no person should neglect to get a box of Cephalic Pills on the first appearance of the complaint, as their timely use will expel the insidious approaches of disease, and destroy this dangerous foe to numan life.

A Real Blessing.

Physician.—Well, Mrs. Jones, how is that headache?

Mrs. Jones.—Gone! Doctor, all gone! the pill you sent cared me in Just twenty minutes, and I wish you would send me more, so that I can have them handy.

Physician.—You can get them at any Druggists. Call for Cephalic Pills. I find they never fail, and I recommend them in all cases of Headache.

Mrs. Jones.—I shall send for a box directly, and shall tell all my suffering friends, for they are a real blesstine.

Twesty Millions of Dollars Saven.—Mr. Spaiding risburgh, Philadelphia, New York, Boston, and the East. this sold two millions of bottles of his celebrated Prepared Glue, and it is estimated that each bottle saves at R. B., for Laccaster, &c. least ten dollars worth of broken turniture, thus making an aggregate of twenty millions of dollars reclaiming from total loss by this valuable invention. Having made his flue a household word, he now proposes to do the world still greater service by curing all the aching heads with his Cephalic Pilis, and if they are as good as his Glue, Hennaches will soon vanish away like know in July.

II POVER EXCITEMENT, and the mental case and anxiety incident to close attention to business or study, are among the numerous causes of Nervous Headache. The disordered state of mind and body incident to this distressing complaint, is a fatal blow to all energy and ambition. Sufferers by this disorder can always obtain speedy relief from these distressing attacks by using one of the Cephalic Pills whenever the symptoms appear. It quiets the evertasked brain, and soothes the strained and jarring nerves, and relaxes the tension of the atomach which always secondantes and aggravates the disordered condition of the brain.

FACTS WORTH ENOWING. - Spalding's Cophalic Pills are certain cure for Sick Headache, Bilious Headache, erveus Headache, Costiveness, and General Debility.

GREAT DISCOVERY .- Among the most important of all the great medical discoveries of this ago may be considered the system of vaccination for protection from Small Pox, the Cephalic Pili for relief of Headache, and the use of Quinne for the prevention of Evern, either of which is a sure specific, whose benefits will be experienced by suffering humanity long after their discoverers are forestion.

If P bid you ever have the Sick Hendache? Do you remember the throbbing temples, the fevered brow, the leathing and disgust at the sight of focd? How totally unfit you were for pleasure, conversation, or study? One of the Cephalic Pills would have relieved you from all the suffering which you time experienced. For this and other purposes you should always have a box of them on hand to use as occasion requires
